This readable and comprehensive introduction to the principles of public-policy analysis is the first book to integrate the tools students need to analyze policies with the common sense they need to understand how real policies are made., Analyzing Policy, Choices, Conflicts, and Practices, Michael C Munger, 9780393973990

Analyzing Policy | Michael C Munger | W. W. Norton & Company

Munger outlines the language used in and the tools for analyzing organizational policy. Decision-making in any political environment always depends on a range of criteria. This idea is demonstrated in his introduction of a CAM Analysis (Criteria-Alternatives Matrix), a decision-making table that takes data and allows a policy/management analyst to rate each of 3 or four alternatives based on particular criteria.
